DETAILED ACTION

1. Receipt of the papers filed on September 1, 2005, is acknowledged.

Claim Rejections - 35 USC § 112

2. Claims 35 and 38 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement for the reasons set forth in the previous office action. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claim Rejections - 35 USC § 102

3. Claim 36 is rejected under 35 U.S.C. 102(b) as being anticipated by Mori (5,443,707) for the reasons given in the previous office action.

Response to Arguments

4. Applicant's Remarks have been carefully considered but are not deemed to be persuasive. For the reasons given in the previous office action "hole" and "pore" are not considered to be synonymous. The dictionary definitions are not the same, and Jorne uses the terms differently. For the reasons given in the previous office action, support for the claim limitation "a distributor positioned in said reservoir including a disk having a plurality of holes adapted to provide a flow of electrolyte through the disk that is uniform along a radius of the disk" is deemed to be lacking

in the specification as filed. The disclosure of fluid passages "over all or a portion" of the diffusion plate, pointed out at page 6 of the Remarks, is not considered to support the limitation recited in claim 38.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
